

TV/Radio Distribution Amplifiers

Domestic indoor 240V AC mains powered TV and Radio amplifier with multiple outputs and variable gain. Fused UK mains plug.

2 way 12dB variable -118377 **£13.20**
4 way 12dB variable -118394 **£14.97**
8 way 20dB variable -118411 **£23.51**

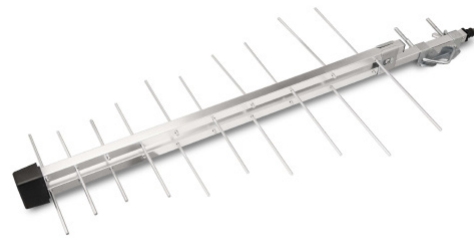

TV/Radio Outdoor Splitters

The OPTIMA™ range of passive Splitters are high quality yet cost effective fully screened modules using the latest SMD components. Designed for terrestrial installation indoor or outdoor using the included high quality mast or bulkhead weatherproof housing.

2 way splitter - 114246 **£4.94**
4 way splitter - 114263 **£5.45**

TV LOG 20 Element Aerials

The L20F utilises rugged 4mm diameter wire elements for strength yet low wind loading, securely staked into the 15mm boom avoiding the use of rivets or screws which can loosen. The L20F Log-Periodic aerial has excellent front/back ratio and directivity with superior impulse noise reduction. It has an F connector factory installed. The mast clamp is designed to fit 25-50mm (1" to 2") masts.

L20F Aerial 6 pack-125228 **£53.50**

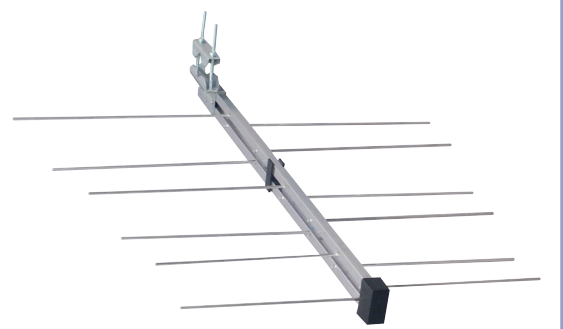

F Compression connectors

Top quality compression RF coax connector for 75ohm TV and satellite cables. Requires V18-100C tool for installation.

F Comp 50 pack - 124480 **£10.99**

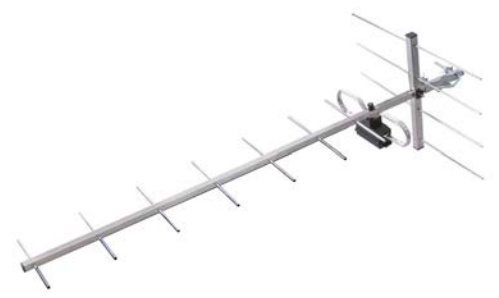

DAB LOG Aerial

A DAB multi-element log antenna from Vision. Provides good flat gain across the DAB channels with significantly higher rejection of impulse noise. This aerial is more directional than a single dipole, for better reception of DAB in moderate to weak signal areas. F connector.

DAB LOG Aerial-103264 **£19.53**

12 Element YAGI Aerial

This aerial has excellent front/back ratio and directivity with excellent impulse noise reduction. The mast clamp is designed to fit 25-50mm (1" to 2") masts and the 18mm boom adds rigidity and long service life.

V12 Aerial 12 pack-124157 **£162.00**

Electrical Cabinets Outdoor

400x400 cabinet -114042 **£98.00**
600x400 cabinet -112869 **£124.00**
800x600 cabinet -112886 **£212.00**
1000x800 cabinet -112903 **£340.00**

TV/Radio Masthead Amplifiers

Vision 13dB variable gain, single output high performance TV outdoor ultra-low noise amplifier for low to moderate digital TV signals. 5G filtered.

13dB Amplifier - 124837 **£5.99**
13dB Amp & PSU - 123783 **£8.99**

TV/Radio Masthead Amplifiers

Optima 25dB variable gain, single output high performance outdoor low noise amplifier & PSU for low to moderate digital TV or Radio signals. 5G filtered.

25dB Amp & PSU-124939 **£16.58**

TV/Radio Multi OP Masthead Amp

Multi-output high performance outdoor amplifier & PSU, low noise masthead digital TV / Radio signal booster. Outdoor housing to withstand the British weather.

4 way 25dB & PSU - 124956 **£18.61**
8 way 24dB & PSU - 125755 **£18.61**

IRS 4 TV Apartment Amplifier

Adds 4 TV points from one (or two) drop cables from an IRS switch and produces 4 new TV and Radio points for 4 additional locations. Ideal for an apartment with one main TV/satellite location.

IRS 4 TV Amplifier -124735 **£18.50**

IRS 2 TV Apartment Amplifier

Adds 2 TV points from one (or two) drop cables from an IRS switch and produces 2 new TV and Radio points for 2 additional locations. Ideal for an apartment with one main TV/satellite location.

IRS 2 TV Amplifier -124769 **£3.25**

5G Interference Outdoor Filter

A 5G interference filter to protect systems from cellular phone signals, passes 5-694MHz and filters signals above ch 48.

Interference Filter - 127133 **£7.99**

MATV Launch Amplifiers

High output capacity with high gain and reliable performance. Available in several configurations with variable gain and test point. 5G Filtered.

1 input 36/122dB -127167 **£65.00**
3 input 34/114dB-127184 **£69.00**
5 input 44/125dB -127201 **£112.51**

CATV Launch Amplifier

Designed for 42 TV channels with a de-rated output of 115dBμV, used for CATV, MATV and other TV head-end systems. Interstage attenuation, equalisation selectable, 18dB variable equalizer and attenuator pots, -30dB Test point, RF screened housing, Weatherproof IP 65

1 input 41/128dB -125109 **£212.11**

DAB Radio Dipole Aerial

A strong and reliable DAB dipole antenna from Vision. Designed for strong signal areas, this antenna will receive DAB signals from multiple transmitters for maximum coverage.

DAB Dipole Aerial -106290 **£11.93**

34 Element Stub Tuned Log Aerial

The L34F Log-Periodic aerial has excellent front/back ratio and directivity with superior impulse noise reduction. The mast clamp is designed to fit 25-50mm (1" to 2") masts. The L34F is perfect for strong to low signal areas for digital TV reception. This version of the L34F has been tuned for channels 21-48 and rejects out of band signals with its stub tuned design.

L34 Log Aerial -125279 **£19.99**

5 Bay High Gain Aerial - X5

Featuring high gain and superior directivity with a large reflector and low wind-loading. Excellent front/back ratio and directivity with excellent impulse noise reduction. The 18mm boom adds rigidity and long service life.

X5 Hi-Gain 5 Pack -124004 **£115.00**

7 Bay High Gain Aerial - X7

Featuring high gain and superior directivity with a large reflector and low wind-loading. Excellent front/back ratio and directivity with excellent impulse noise reduction. The 18mm boom adds rigidity and long service life.

X7 Hi-Gain 5 Pack -122797 **£130.00**

UHD HDMI Cable CERTIFIED 4k60

Top quality HDMI cables, certified for reliable UHD 4k60 signal delivery. Supplied in a bespoke retail packed poly-bag.

0.5m 4k60 Certified-122542 **£1.52**
1m 4k60 Certified-122559 **£1.80**
1.5m 4k60 Certified-122576 **£1.95**
2m 4k60 Certified-122593 **£2.30**
5m 4k60 Certified-122627 **£3.97**

HDMI 3-Way Switch Full HD

Full HD 3 way HDMI switch for TVs and projectors etc. that need extra HDMI inputs. Selector switch and LED status indicators. 4kx2k, Dolby True-HD 7.1ch audio. Powered from HDMI source.

3 way HDMI switch -121828 **£3.50**

HDMI 3-Way Switch UHD 30Hz

Ultra HD 3 way HDMI switch with remote control and PSU, for TVs and projectors etc. that need extra HDMI inputs. LPCM 7.1, Dolby True-HD DTS-HD Master Audio 7.1

3 way HDMI switch -121845 **£5.00**

HDMI 3-Way Switch UHD 60Hz

Ultra HD 3 way HDMI switch with remote control and PSU, for TVs and projectors etc. that need extra HDMI inputs. LPCM 7.1, Dolby True-HD DTS-HD Master Audio 7.1, Dolby ATMOS, AC3/DSD, IR. 18Gpbs

3 way HDMI switch -122338 **£7.50**

15m Long Full HD HDMI Cable

15m long HDMI cable for Full HD signal delivery. Low price and rugged construction for long service life.

15m 4k HDMI-119533 **£3.50**

Full HD HDMI Cable CERTIFIED

Top quality HDMI cables, certified for reliable Full HD signal delivery. Supplied in a bespoke retail packed poly-bag.

10m 4k Certified-122508 **£3.50**
15m 4k Certified-122525 **£4.00**

Masthead Power Supply

Vision 12v DC 100mA fully protected power supply fitted with a UK 13 amp mains plug. Featuring a host of electronic protection features including over temperature, short circuit and over current protection. Very cool running, highly efficient design does not require vent holes to keep cool.

Masthead 12vPSU -114654 £7.25

LNB for IRS systems

Quattro LNB for IRS systems with four fixed polarity HL, HH, VL, VH. outputs for all IRS products. Can be used with our Sky Q dSCR products or standard IRS switches. This is a very low noise, low gain LNB for maximum quality reception.

IRS Low Noise LNB-124684 £6.98

9 Wire 1-way 20dB IRS TAP

9 Wire double layer EV9 IRS Tap. Supplied with earth bars. Very compact high quality device. Can be used as two separate devices.

9 Wire Tap-120485 £1.00

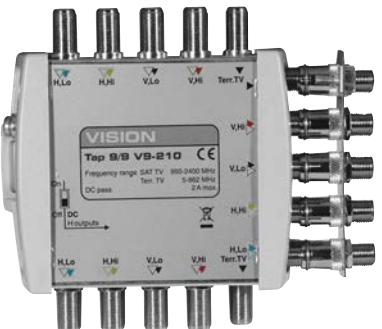

9 Wire 1-Way 10dB TAP

9 Wire double layer V9 IRS Tap. Supplied with earth bars. Very compact high quality device. Can be used as two separate devices.

9 Wire Tap-110608 £1.00

9 Wire 1-Way 20dB TAP

9 Wire double layer V9 IRS Tap. Supplied with earth bars. Very compact high quality device. Can be used as two separate devices.

9 Wire Tap-110625 £1.00

Cabinet Replacement Lock Set

Replacement triangle key and lock set. Supplied as a spare for the Vision V45 Cabinet range.

Triangle Lock Set-127150 £12.50

Replacement Triangle Key

Replacement triangle key for use with any cabinet with a triangle lock. Supplied as a spare for the Vision V45 Cabinet range.

Triangle Key-127235 £3.00

Compression Tool for Connectors

Compression Tool For Vision V17-100C Connectors and other compatible connectors.

Comp Tool- 124990 £22.00

Cable Cutter - Heavy Duty

Heavy duty cable cutter with ratchet action. Ideal for cutting multi-core trunk cables etc.

Cable Cutter -103179 £9.30

HDMI UHD 4 Way Splitter

True Ultra-HD signal splitter. Inputs one 4k60 HDMI signal and amplifies and splits into four outputs at full resolution.

UHD Splitter -122321 £6.50

Power Supply 12v 2.5Amps

Universal 12 volt power supply with open cable end for connection to any suitable device. Suitable for Vision V90-440.

12V 2500mA PSU-121573 £19.00

TV / SATELLITE

Powerful Products • Easy Installation • Excellent Value

BNC to F Adapters

BNC F fem 10 pak-12609 £3.31
BNC TV fem 10 pak-127031 £3.26

Earthing for F connectors

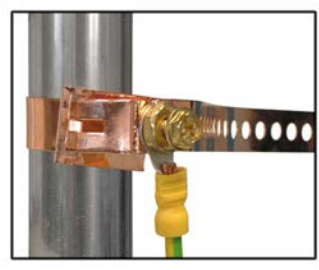

F Earthing 10 pack-125823 £6.98

Earthing Block Clamp

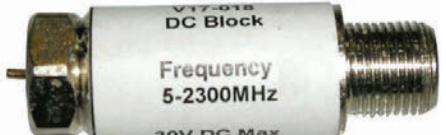

Earth clamp 10 pack-106681 £9.50

12" Earthing Strap

Earth strap 10 pack-106103 £8.48

DC Block F Adaptor

DC block to properly decouple low DC voltages in TV and Satellite systems.

IMPORTANT. To isolate mains supplies that have potentially different earth connections, please use our galvanic isolator 122066.

DC Block 20 pack-121386 £6.00

Quick F Connector Adapters

Q/F to F fem 10pk-126061 £2.87
Q/F to TV fem 10pk-125942 £1.60

F Male to F Male Coupler Links

F couplers 5 pack-125857 £1.34

F Male to TV female Adapter

F to TV ad 10 pak- 127014 £1.80

F Connectors Twist On

F Twist con Pak 50-125908 £2.20

F Terminator with DC Block

75 ohm terminator with DC isolator to properly complete TV and Satellite systems for maximum performance. Suitable for systems with or without DC present.

F Term 10 Pack -125874 £2.99

F Terminator 75 Ohm

75 ohm terminator to properly complete TV and Satellite systems for maximum performance. Suitable for systems without DC present.

Terminator 10 pack -125959 £0.88

TV Female Connector

In line Aluminium TV female connector with integrated cable grip, also known as a Belling-Lee connector.

TV Female Pack 50 -125891 £4.95

TV Female Compression Connect

Top quality compression RF coax connector for 75ohm TV and satellite cables. Requires V18-100C tool for installation.

TV Fem Pack 100 -111679 £9.99

TV to TV Coupler Adapter

Low cost adapter to connect two TV male plugs together. Also known as a Belling-Lee coupler.

TV Fem Pack 50 -124327 £4.73

TV to TV Coupler Adapter

Brass adapter to connect two TV male plugs together. Also known as a Belling-Lee coupler.

TV Fem Pack 10 -126010 £2.53

Projector Ceiling Mount

This high performance Projector Ceiling Mount will suit a range of installations, with telescopic adjustment from 22-110cm.

To ensure the projector can be levelled, this mount has +/- 25 degree Roll & Tilt and 360 degree swivel. V88-P22

Projector Mount -121250 £6.00

TV Wall Mount - Fixed 28"

Flush mounting bracket ideal for small TVs and monitors up to 9kg that need to be installed close to a wall. Includes spirit level to speed installation. Typically up to 28"

TV Mount F100 -119975 £3.00

TV Wall Mount - Fixed 65"

Low profile TV wall mounting bracket ideal for TVs and monitors up to 25kg, typically up to 65" Includes spirit level to speed installation.

TV Mount F40LP -121182 £4.50

TV Wall Mount - Fixed 65"

Ultra-low profile TV mounting bracket ideal for TVs and monitors up to 45kg, typically up to 65" Includes spirit level to speed installation.

Mount is ultra low profile often used for modern "super close to the wall" installation for slim TVs

TV mount F40ULP -121216 £4.50

TV Wall Mount - Fixed 85"

Low profile TV wall mounting bracket ideal for TVs and monitors up to 45kg, typically up to 85" Includes spirit level to speed installation.

TV Mount F60LP -121165 £10.00

F in-line Attenuators

In line f connected wideband attenuator to protect amplifiers from potential signal overload. Passes DC up to 500mA. 40-2150MHz

3dB Attenuator -115351 £0.37
6dB Attenuator -115368 £0.37
18dB Attenuator -115402 £0.37

DC Injector / Splitter

This 2 Amp (per leg) DC power divider will safely supply two devices from one power supply without the danger of inter-powering interference. Green LED power indicator shows when DC is present. Does not pass RF between ports.

DC Injector Splitter -127116 £8.10

IRS SMART Multi-TAP

Designed to make planning and balancing systems easier. 2 attenuator switches, satellite and terrestrial services. The satellite attenuator enables all 4 polarities to be attenuated simultaneously, 10, 15 or 20dB. Terrestrial signals are independently switched 10, 15 or 20dB.

IRS Multi-tap -125075 £22.00

IRS SMART TV Amplifier

IRS TV Distribution Amplifier - provides 10 TV signals derived from the IRS trunk cable and is line powered, using the existing DC on the trunk cables.

IRS TV Amp - 124242 £14.92

2 Way 10dB gain ACTIVE TAP

This IRS 2-Way Active Tap is designed to be used in the trunk lines when the signal requires re-amplification. Output 1 has 10dB Sat, 6dB Terr gain. Output 2 is flat. Ideal for distributing signals to the floor below from output 1.

IRS TV Tap - 124259 £29.50

Galvanic SAFETY isolator

Galvanic Isolator 5 x 5 to safely electrical-ly isolate two dwellings sharing the same dish or aerial system (IRS) EV5-255

Galvanic Isolator -122066 **£9.99**

3 Way Splitter + Masthead PSU

3 Way IRS 5-wire splitter with a switch-able 12V DC supply on the terrestrial input for powering a masthead amplifier without the need for an additional power supply.

IRS 3 way splitter -124225 **£19.99**

IRS SAFETY Powering Hub

Used when there is no Landlords power supply available. It provides 18V from the apartment Sky Q feed and powers the switches terrestrial circuits and LNB, enabling all subscribers to access terrestrial and SKY +HD, Q or Freesat services.

IRS Powering Hub-124429 **£29.00**

IRS Subscriber Power Injector

Used with IRS Hub 124429 there is no Landlords power supply available. Injects 18V from a subscriber location to power the IRS system and LNB.

Power Injector -124446 **£2.85**

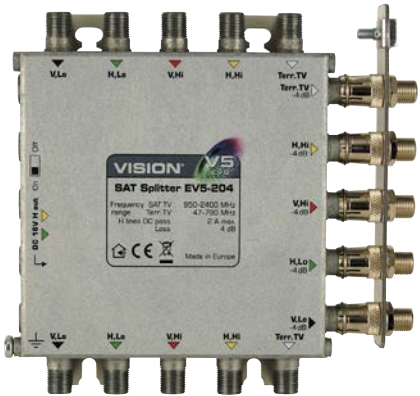

IRS Trunk Power Hub

When high power is required for an IRS system that exceeds the capability of the DC path across the vertical trunk path, this product adds power to the horizontal paths, doubling the current path without adding extra power supplies mid-system.

Trunk Powering -124412 **£16.00**

IRS 2 Way Splitter

2-Way 5-Wire Splitter low loss, 4dB with earth bars. EV5-204

IRS Splitter 2 way-118088 **£46.52**

IRS 4 Way Splitter

4-Way 5-Wire Splitter low loss, 8dB with earth bars. EV5-408

IRS Splitter 4 way-118309 **£94.56**

IRS 10dB 1 Way TAP

1-Way 5-Wire TAP 10dB with earth bars.

IRS 10dB Tap 1 way-118071 **£43.36**

IRS 20dB 1 Way TAP

1-Way 5-Wire TAP 20dB with earth bars.

IRS 20dB Tap 1 way-118105 **£43.36**

IRS Launch Amplifier

IRS amplifier has 4 satellite and 1 TV amplifier. Sat has 15dB fixed gain with 3dB built in slope and the terrestrial amplifier gain is switchable from -10, 0 or +10dB. Switchable 12V Masthead powering on the terrestrial input.

IRS Amplifier -125092 **£24.43**

IRS Masthead Trunk PSU 12V

Provides a 12V power source for a masthead amplifier or similar item from any 18V source. Removes the need for a mains supply by using the 18V DC IRS trunk power.

18V to 12V PSU-124718 **£5.99**

5G / 4G Filter

High performance 5G and 4G filter to reduce any incoming mobile phone transmitter signals that may be causing interference to an IRS system or MATV or domestic aerial system.

5G Filter -127133 **£7.99**

Analogue TV Modulator

Supporting any system that requires an analogue TV system to be applied to a coax system. Unlike many digital modulators, there is no processing time delay that makes this a good option for betting shops etc.

Analog Modulator -12009 **£45.50**

Radio TV Satellite TRIPLEXER

This device combines Radio, TV and satellite signals down one coax cable with minimal losses. Can be used in reverse to split the individual signals back again.

Triplexer -124786 **£8.90**

IRS DC / 22kHz PSU Meter

Dual display simultaneously measures DC current and voltage on live COAX systems. Can also indicate the presence of 22kHz pulses or continuous tones in satellite receivers, dSCR and LNB feeds.

COAX Power meter -122848 **£9.99**

IRS Power Supply 18V

Power supply for V5 switches or other components requiring 18v DC. Cool running, long life unit designed for 24 hour system powering. Fitted with a UK mains plug and locking power connector.

IRS PSU 600mA -124344 **£9.00**

IRS PSU 2500mA-121556 **£23.89**

Apartment TV Points

These units take a standard IRS feed with satellite and TV signals and splits the TV signal out into extra TV points. The 2 output apartment diplexer is passive and the 4 output amplified Apartment amplifier is mains powered.

Apart 2 way Diplex -124769 **£3.25**

Apart 4 way Amp-124735 **£18.50**

Slim Outlet Plates

Slim output satellite wall plate with downward facing connections to minimise the possibility of injury if a person falls against it, or requires an outlet behind furniture.

F connector Out-114348 **£1.20**

TV/Radio Out -114382 **£1.20**

2 Sat + TV Out -114416 **£1.80**

TV / MATV TAPS

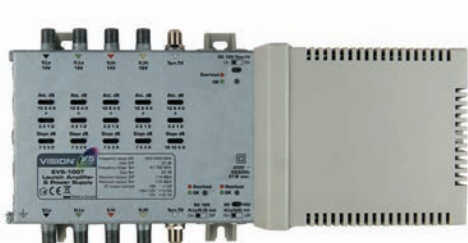

2 way tap 10dB -115011	£2.98
2 way tap 15dB -115028	£2.98
2 way tap 20dB -115045	£2.98
2 way tap 25dB -115062	£2.98
2 way tap 30dB -115079	£2.98
4 way tap 12dB -115096	£4.40
4 way tap 15dB -115113	£4.40
4 way tap 20dB -115130	£4.40
4 way tap 25dB -115147	£4.40
4 way tap 30dB -115164	£4.40
8 way tap 16dB -115181	£6.95
8 way tap 20dB -115198	£6.95
8 way tap 25dB -115215	£6.95
8 way tap 30dB -115232	£6.95

Wideband DC SPLITTERS

2 way split - 113770	£1.89
2 way split + LED -111730	£1.89
3 way split - 113787	£2.69
3 way split + LED -111747	£2.49
4 way split - 113804	£3.02
4 way split + LED -111764	£2.83
6 way split + LED -111781	£5.24
8 way split + LED -111798	£5.65

IRS 5 Way Launch Amp - Mains

This high reliability amplifier has four separate SAT IF amplifiers and one broadband terrestrial amplifier in a fully screened die-cast housing for added interference immunity along with filters to reject 5G-800 LTE interference. 12v masthead powering. Integrated 240V Power supply.

AMP Mains Power -118292 **£137.10**

IRS 5 Way Amp - Line Powered

This high reliability amplifier has four separate SAT IF amplifiers and one broadband terrestrial amplifier in a fully screened die-cast housing for added interference immunity along with filters to reject 5G-800 LTE interference. 12v masthead powering.

AMP Line Power -118326 **£105.00**

dSCR IRS Switches

Cascadable from 2-24 points without intermediate amplification, small footprint, cool running and featuring stepped outputs for drop cable lengths up to 50m, variable gain control, power from anywhere - even in no landlord supply installations.

2 output dSCR -122372	£93.00
4 output dSCR -122389	£135.00
6 output dSCR -122831	£208.00
8 output dSCR -122406	£256.20

IRS Switches

UKs most popular system switch range. Reliable, feature packed and fully screened die cast housing. Cool running, low power consumption. Long cable runs, flexible level controls.

8 output Switch -118513	£92.50
12 output Switch -118530	£119.00
16 output Switch -118547	£142.00
24 output Switch -118564	£244.84
32 output Switch -118581	£291.00

10 Point IRS Switch Cascade

Cascadable 10 point IRS switch, can be directly coupled together for up to 30 points with no intermediate amplification. Reliable, feature packed and fully screened die cast housing. Cool running, low power consumption.

10 Point Switch - 124752 **£29.96**
